# How United Way is creating possibilities in our region.

We leverage our unique position at the intersection of business, nonprofit and government to:

- 1. **Identify** the challenges and strengths in our local communities hindering and advancing opportunities for individuals to thrive.
- **2. Develop** plans for resource deployment to address our challenges.
- **3. Engage** and convene local businesses, nonprofits, volunteers, and donors to act.
- Activate our resources and relationships to champion the nonprofit sector, advance opportunities in our region, and spark action for a better today, tomorrow, and years to come.

Our *IDEA* is that when we come together, elevate our voices, and mobilize our collective resources, we can achieve more than any individual or organization can do alone. Together, we can create positive, lasting change in our region.

When you give to United Way your gift goes further. Raised local, stays local. Every dollar raised here in the Greater Rochester and Finger Lakes region supports our local communities.
